Section 9. Certifications

I certify that the Project has the following characteristics:

1. The Project is for the construction of a solar electric (Photovoltaic or PV) system that produces electricity directly from sunlight.
2. For Segment 1 and Segment 2, the Project is not yet constructed at the time of the bid submittal and the Proponent will not request interconnection prior to the Board Order on the results of this solicitation.
3. The Project will be eligible to generate SRECs and be deemed to be connected to the distribution system.

I further certify that the Proponent is not part of a bidding agreement with another Proponent.

I agree to the terms of the SREC Purchase and Sale Agreement ("SREC PSA") without modifications, including:

1. The requirement for an inspection of the Project at the Owner's sole cost and expense to verify and certify that the SRECs generated by Seller's Project are eligible for use in complying with the New Jersey RPS;
2. The requirement that the SREC Meter be capable of measuring the electricity generated from the continued operation of the Project throughout the term of the SREC PSA so as to be reported to the EDC and PJM-EIS-GATS; and
3. The requirement for the Owner to agree to enter into net metering arrangements with the applicable EDC that meets the requirements of the Board's net metering rules and any applicable EDC tariff provisions (Segment 1 and 2 projects only).

I agree that:

1. The Proponent will leave its Pricing Proposal open for a period of one hundred and twenty (120) days from Bid Day;
2. if the Proponent becomes a Successful Proponent, the Owner of the Project will sign the SREC PSA within five (5) business days of being given a Final Notice of Award by the EDC and, if the Owner of the Project is not the same individual or entity as the Host, will provide three (3) originals of Appendix C to the SREC PSA with original signatures from the Host; and
3. the Owner of the Project will execute with PJM-EIS-GATS a Standing Order for SREC certificate transfer when required to do so under the SREC PSA.
